Shelby Business College

SHELBYVILLE, ILL.

H. D. SPARKS, B. S., B. O., M. Accts., President.

You may say, "well you are going away to some university for work." Suppose you do and that you take up any of the courses of study offered? If you have plenty of means or your father has, all well and good. Have you any positive assurance that you will always be in this condition? Fortunes go in a night. On the other hand you may not have the means to go to the university. In either case the commercial training you would receive at Shelby Business College would be cf untold benefit.

In the first instance you are prepared for emergencies. second you will have a means whereby you can easily make your way through the university.

Your commercial training may thus be used to help you through the university. While if any time, you should be compelled to give up university work you would nave a line of work right at hand. ready for your using.

Every boy or girl who contemplates going to universities or other colleges, should have our work, as well as all other young people, who mean to do things.

See the president for information.

Shelby Business College

SHELBYVILLE, ILL.

H. D. SPARKS, B. S., B. O., M. Accts., President.

In this school such courses of study are offered as THE YOUNG MEN AND WOMEN OF TO-DAY must have if they expect to do what the world expects of them.

Our courses of study, while the most practical, are educative, they fit people to live better no matter what line of work they may pursue in life. Such work is offered as is given in the best commercial schools and it is presented by teachers who are specialists in

their lines of work. No catch penny schemes, just a plain trustworthy school where the student is helped to develop into the best possible man or woman of which he or she is capable. The management is thoroughly convinced that a boy to really succeed must live up to his best, that a person should not only be honest because it is good policy, but because it is right to be honest.
